

Credibility Interviews – Student Visa Applications

As part of your visa application process, you may be invited for a credibility interview at the Visa Application Centre.

Credibility Interviews have been introduced by the UK Visas and Immigration (UKVI) to ensure that you are a genuine student. It is important that you attend otherwise your visa application will not be successful.

The interview will be conducted via video link and should last about 15 minutes. Interviewers will be asking you questions in English, so you must be able to answer without the need of a translator. This is to test your ability to communicate in English. If you cannot hear the interviewer or there is a technical problem with the link you must make the interviewer aware of the issue. Ask them to repeat the questions if necessary.

The interviewer won't know anything about your visa application. They will ask you a set of standard questions and the answers provided will be sent to the Entry Clearance Officer (ECO) who will be assessing your visa application. If the ECO requires further information before making a decision you will be invited for a second interview.

In preparing for the interview, it is important that you are able to answer questions about Université Paris Dauphine – PSL, London campus, your chosen programme of study, the modules offered as well as questions relating to your financial circumstances and your future career /academic plans.

We have assessed your academic suitability and English language proficiency through a rigorous process. We issued a CAS and agreed to sponsor your visa application because we are confident that you are a genuine student. Interviews can be stressful so take your time in answering questions, try not to be too anxious, remain calm and give clear and honest replies.

Typical questions may include questions about your previous, current studies and post studies and the course you intend to study in the UK

***Q:** Why did you choose this institution? (i.e. Université Paris Dauphine – PSL, London campus) to study in the UK? (think about subjects offered, location, reputation, alumni etc.)*

***Q:** Have you considered other colleges/Universities?*

***Q:** What course are you going to study?*

***Q:** Why did you choose this course?*
